

# MYRON WHEELER

COMPUTER SCIENCE STUDENT

## SKILLS

- Teamwork
- Leadership
- Communication
- Problem Solving
- Programming (OO & Imperative)
- Web (HTML5, CSS, JavaScript, Python)
- SQL & Relational Databases
- Data Structures and Algorithms
- Adobe After Effects
- Arduino
- Git
- Adaptability
- Critical Thinking

## INTERESTS & COMMUNITY

- Community outreach volunteer
- Gym & fitness
- Coding & personal projects
- Competitive Trading Card Games

## PROFILE

As a hardworking and driven Computer Science student, I have a strong foundation in software engineering concepts, algorithms and web technologies. I am passionate about exploring how these systems are implemented and solving real-world problems through efficient, scalable code. I find joy in tackling the challenges I face, expanding both my knowledge and technical skills. My ultimate goal is to make a meaningful impact on the South African tech industry by improving how users interact with technology and helping our country bridge the digital divide.

## EDUCATION

**University of Pretoria | 2024 – Present**

BSc Computer Science — 3rd Year

**Maragon Mooikloof | 2019 – 2023**

National Senior Certificate

## ACHIEVEMENTS

Maragon Mooikloof

**Local Achievements**

- Class of 2023 Salutatorian Graduate
- Half Honorary academic colours (2020-2023)
- Tournament of Minds Finalist (2021)
- Co-Founder and Leader of the School Chess Club
- Qualified for the 2nd round of the Math Olympiad 2020, 2021, 2022 and 2023
- Qualified for the 3rd round of the Programming Olympiad 2021 and 2022
- Top 10 Academic Student (2021- 2022)

**NSC Achievements**

**Bachelor's degree Pass for National Senior Certificate**

**Distinctions:**

1. *Mathematics*
2. *Physical Sciences*
3. *English Home Language*
4. *Information Technology*
5. *Engineering and Graphic Design*
6. *Computer Applications Technology*
7. *Life Orientation*

University Of Pretoria

Achieved the **VC PDG Award (Vice-Chancellor's Prize for Distinguished Performance)** and the **Fly@UP Award**

## WORK EXPERIENCE

**IT Internship, Korridor | 2025 – Present**

Key Responsibilities:

- Collaborated with Business Analysts to learn and contribute to ticket creation workflows, helping document and log requirements for the FMS and KRA projects within Korridor's FinTech and logistics platform.
- Conducted quality assurance testing for new features and releases on the FMS and KRA projects, identifying and reporting defects back to the development team.
- Currently serves in an Application Support role, diagnosing and investigating production errors across Korridor's systems through database analysis and SQL queries.
- Executes production data fixes by writing SQL scripts, version-controlling them through the team repository, and deploying via Jenkins — ensuring traceability and safe rollout of changes.
